

PhD program in Computer Science and Engineering programme's doctoral credit table – 40th and 41st cycles

Table A – Distribution of DCs between research and training

Type of activity	Total number of DCs	%
Research activities	144	80
Training activities	36	20
Total	180	100

Table B – Requirements for DC distribution between training activities

Type of activity	Minimum number of DCs	Maximum number of DCs
Disciplinary and multidisciplinary training	24	-
Soft skills	1	-
Extra-curricular training	1	-
Dissemination	1	-
Supplementary teaching and tutoring	0	-

Table C – Training DCs to be acquired at the end of each course year

Training DCs to be acquired	Recommended	Minimum
at the end of the 1st year	20	-
at the end of the 2nd year	34	34
at the end of the 3rd year	36	36

Table D – Correspondence between workload hours and acquired DCs

Type of activity	Hours in class	Self-study hours	Total hours	DCs
Courses (disciplinary and multidisciplinary teaching)				
- 3rd level curricular courses with learning assessment	5	20	25	1
- Master's degree curricular courses with learning assessment (max 6 CD)	10	15	25	1
- Courses that do not require self-study	25	0	25	1
Soft-skills courses				
- that require self-study	5	20	25	1
- that do not require self-study	25	0	25	1
Seminars				
- as a part of a course (seminar series) that require self-study	5	20	25	1
- seminars with exclusively frontal activities	25	0	25	1
Supplementary teaching and tutoring	-	-	25	1
Extracurricular education (training courses and doctoral schools)				
- training courses that require self-study	5	20	25	1
- PhD schools with a high number of hours that require self-study (e.g., a thematic school with 40 hours of lectures and project assessment)	10	15	25	1
- courses and schools that do not require self-study	25	0	25	1
Dissemination				
- In-person conference participation - In-person participation in an outreach event (e.g., PhD symposium in CSE)	1 day			0,4

NOTE: For activities where the organizer explicitly defines ECTS according to a scheme compliant with the general criterion 1 ECTS = 1 DC = 25 hours, the proposed DCs will generally be recognized, even in derogation of the criteria in the table.

NOTE 2: The assignment of fractions of credit, based on the number of actual hours of the activity to be recognized, is carried out on a proportional basis (e.g., 30 hours of coursework without assessment = 1,2 DCs).
