

Budget 10%

Each doctoral student receives 10% of their scholarship for each of the three years (equal to €1,624.30/year up to cycle 41, and €1,698.26/year from cycle 42) for purchases and travel. Unused funds during an academic year remain available in subsequent years, until the thesis defense.

Except in special circumstances (e.g., PNRR), the accounting project containing the funds is called DOTTP4_<cycle number>_CICLO_<SURNAME>_<NAME>) and the person responsible is the doctoral student's supervisor. They can be used by selecting the supervisor's name and then the project name in the application.

The remaining balance can be consulted at <https://unibo.uweb.cineca.it/apprep/#!/lanciorapido> (please contact mat.dottorato@unibo.it if you experience viewing issues).
